## **Hand to Hand - Technical Sheet**

### **Spacial Requirements**

Minimum floor requirements: 4m x 4m (13ft x 13ft)

Minimum height requirements: 3.5m (11.5ft)

Ideal height requirements: 6m (20ft)

Act can and will be adjusted for safety based on the spacial dimensions

### **Lighting**

Specific lighting is not necessary providing the space is well lit, however if lighting is desired we will need 30-60 minutes on stage to set desired lighting while maintaining safety.

### **Sound**

USB, Auxiliary input, or a downloaded sound file prepared in advance is required.

### **Dressing Room and Warm Up**

We will need a private dressing room with: two chairs, a mirror, a table or countertop, and adequate lighting. This room must be safe to put our personal belongings, and we will need access to a restroom clean drinking water.

We require a space for warm up, with at least the same height as the stage.

We will need 30-45 minutes for the warm up within 2 hours of the showtime.

### **Duration of Number**

The number is 10 minutes long, but can be made shorter if absolutely necessary.
